This Version	V 1.11 – Created 15/01/2019
Date of Next Review	18/01/22

January 2019

Version History

03/05/2012	V 1.1 – Cosmetic changes made following review. Includes updated logo and formatting to corporate standard.
05/07/2012	V1.2 – Revised contact lists and process map added at Appendices 1 & 2.
28/10/2014	V1.3 – Policy revised entirely from the provisions of the Notifiable Occupations Scheme (HO 06/2006) to Common Law Police Disclosure of information in circumstances of Occupational Risk (Provisions to supersede the Notifiable Occupations Scheme) as approved by NPCC CCC on 19 th March 2014.
31/10/2015	V1.4 – Policy revised, cosmetic changes made to update department and Disclosure sections new title. To include Detention Officers within Custody Suites.
07/03/2016	V 1.5 – Policy revised, update made to responsibilities of Custody Staff and OIC of VA.
14/03/2016	V 1.6 – Policy updated with responsibilities of the PNC & Data Access Department.
06/09/2016	V 1.9 – Totally Revised for new business processes
11/05/2017	V1.10 Changes to PNC Bureau operating hours
15/01/2019	V1.11 Update contact details Appendix E

Statement

The Notifiable Occupations Scheme (NOS) set out in Home Office Circular 06/2006 has now been withdrawn. The previous scheme was deemed as potentially unlawful as it provided for blanket disclosure and was likely to be in breach of both the DPA and Article 8 of the European Convention of Human Rights (ECHR).

This guidance sets out the new arrangements under the Common Law Police Disclosure Scheme (CLPDS) for disclosing upon arrest, VA or charge, information to employers or regulatory bodies where an urgent pressing social need can be established relating to the particular access that individual has to other people, by virtue of their employment or voluntary role and the nature of the offence.

The aim of this policy is to outline the narrow scope for the police to use their professional judgement to make common law based disclosures in circumstances where they consider this to be necessary to support public protection. This complements but remains separate from the statutory Disclosure and Barring Service arrangements [DBS](#)

An 'urgent pressing social need' is not defined but will involve the safeguarding or protection from harm of an individual, a group of individuals or society at large, particularly vulnerable adults and children. The 'pressing social need' threshold for making a disclosure under common law powers is considered to be the same as that required for the disclosure of "approved information" in accordance with the provisions of Part V of the Police Act 1997 (as amended). This principle was established by the Supreme Court ruling in *R (on the application of L) (FC) (Appellant) v Commissioner of Police of the Metropolis (2009)*. It is therefore recommended that Disclosing Officers apply the joint ACPO/DBS agreed "Quality Assurance Framework" (Occupation Disclosure Risk Assessment – ODRA) methodology in determining what, if any, information will be disclosed

The procedure document that accompanies this policy, explains the roles and responsibilities and current advice about how the process should be completed.

Aim

The aim of this policy is to clearly define the Force's current approach to dealing with circumstances where a person who has come to notice represents a clear risk to children, vulnerable persons or the wider public in their occupation or voluntary setting by virtue of their alleged offending

Disclosure should be made at the earliest opportunity in order to mitigate risk.

- a) In circumstances of pressing social need, notification will take place as soon as practicable from when a risk is identified regardless of the point at which an investigation or the criminal justice process is at. Ultimately the OIC will take responsibility for commencement of this process.
- b) The Data Access Team Leader (PNC & Data Access Unit) will act in an advisory capacity and as a single point of contact where necessary.

The above will be subject to a written relevance and proportionality test and approval by a Chief Officer rank prior to any notification.

Objectives

- a) To safeguard vulnerable people and show how the force contributes to this
- b) To establish consistent and auditable methods of identification and recording of a suspects occupation or voluntary role.
- c) Early establishment of potential risk posed.
- d) Ensure early mitigation and document evidence of the decision making process at all the required stages of the process.
- e) All Officers to possess a basic understanding of the process and the role they play in being responsible for the necessary actions with regards to the requirements.
- f) PNC & Data Access Unit to collate notifications for disclosure and monitor performance. The Data Access Team will deal any subsequent enquires from the employing body.

Application & Scope

The Head of Criminal Justice will own the policy and be responsible for its governance.

The Officer in the Case (OIC) of a VA or the Custody Sgt / Detention Officer on an Arrestee, will be responsible for the accurate identification and recording of all suspect's occupations and voluntary work.

The relevant Sergeant being the OIC Sgt for VA cases, Custody Sergeant for in custody cases will commence the application procedure and their respective Inspectors will be responsible for quality assurance and supporting comments and onward dissemination to the Duty Officer.

The Force Duty Officer will complete Section 3 of the ODRA and add supporting comments to support rationale and where in agreement will forward to Chief Officers for approval. On Chief Officer approval PNC & Data Access supervision will be responsible for notification to the employing body by telephone, email or mail.

Where there is an immediate risk the relevant Inspector should notify the employing body via telephone, but only after seeking authorisation from the Duty Force Duty Officer.

Outcome Evaluation

Success will be measured as detailed below:

Outcome	Measurement
To establish consistent and auditable methods of identification and recording of a suspect's (or voluntary work) and documentary evidence of the decision making process at all the required stages of the process. Timely disclosure in circumstances of 'pressing social need' to mitigate risk.	Custody Staff or OIC for VA, must ensure that the subject person provides details of their occupation and/or voluntary work, and their employer's details. The relevant Sergeant will be responsible for the initial decision making process, and take appropriate action in terms of triggering disclosure in the case of pressing social need / immediate risk.
The existence of a recognised Force single point of contact.	Data Access Disclosure Analyst under the PNC & Data Access Manager is responsible for responding to subsequent enquiries after initial disclosure is made.

1. Introduction

- 1.1 The following sections compliment this Force Policy and are designed to describe the procedures that Merseyside Police will follow in order to comply with it.

2. Background

- 2.1 The Notifiable Occupations Scheme (NOS) set out in Home Office Circular 06/2006 has now been withdrawn. The previous scheme was deemed as potentially unlawful as it provided for blanket disclosure and was likely to be in breach of both the DPA and Article 8 of the European Convention of Human Rights (ECHR).

The police have a Common Law power to share information with third parties where a policing purpose is established (with each case being considered on its own merits). A policing purpose is defined under the MoPI Code of Practice as:

Protecting life and property; preserving order; preventing the commissioning of offences; bringing offenders to justice; and any duty or responsibility of the police arising from common or statute law.

The general position is that the police should maintain the confidentiality of personal information, but legal opinion supports the disclosure of information about an individual to their Employer or Qualified Regulatory Body (QRB) where an urgent pressing social need can be established and the public interest outweighs the duty of confidentiality.

3. Framework

3.1 Ownership

- 3.1.1 The Head of Criminal Justice (CJ) will own this Policy & Procedure, and be responsible for its governance.

3.2 Management

- 3.2.1 Disclosure of information to employers or licensing, regulatory or professional bodies will be the responsibility of the Head of the CJ providing the Officer in the case (OIC) has followed the correct notification process and has been approved by a Chief Officer.
- 3.2.2 The PNC & Data Access Manager (PNC & Data Access Department) will provide a coordination role for all aspects of disclosure as single point of contact for the Force after initial early and approved disclosure has taken place.
- 3.2.3 The Senior Officer in charge of Force Custody facilities will be accountable for ensuring the accurate identification and recording of all suspect's occupations and voluntary work.
- 3.2.4 The OIC is responsible for ensuring the accurate identification of occupation for Voluntary Attendees.

4. Processes

NPCC advises that disclosure should be made at arrest (or voluntary attendance or when information first comes to light) and not delayed until charging. A decision to disclose will be made on a case by case basis but as a general rule, information will only be disclosed when it is relevant, necessary and proportionate to do so having regard to all the circumstances in the case and the identified risk to the public. Whilst this policy looks at disclosure at the point of VA or arrest this should be subject to regular review and in the light of any changing circumstances – for example in a case where a decision has been made not to disclose when someone is bailed but later information comes to light which results in a charge.

Where it is intended to make a disclosure to an employer, it is good practice to advise the individual at the time as this will allow them to make representations and to consider informing their employer themselves.

4.1 The main processes are:

- a) Merseyside Police will ascertain if the individual is involved in any relevant employment or voluntary work in which the circumstances of the occurrence informs a perceived immediate risk or pressing social need that the individual poses in that role.
- b) If information is disclosed it will contain only information felt to be relevant and proportionate for the purpose.
- c) If further information is requested by the third party following a disclosure it should be referred to the PNC & Data Access Department (Dataprotection@merseyside.pnn.police.uk) for a further response.
- d) The police will not generally provide details of previous offences.
- e) The single point of contact (SPOC) in Merseyside Police are the PNC and Data Access Supervisors (PNC & Data Access Unit) who will manage responses to subsequent requests, providing advice and assistance where requested. The team will review decisions around non disclosures on a monthly basis which will be highlighted to CJ Command Team for learning and review.
- f) Any relevant Notifiable Occupations that have not been acted upon the PNC & Data Access Unit will highlight to the OIC by a Niche Task as a reminder of their responsibility. Any patterns of non-compliance identified will be notified to the relevant Chief Inspector.
- g) To undertake all functions in accordance with the MoPI Code of Practice and guidance.

4.2 Officers and staff must comply with the processes illustrated in **Appendix A** and the Occupation Disclosure Risk Assessment (ODRA) as illustrated in **Appendix B** to this report.

5. Notification Process

A list of scheduled occupations from the Rehabilitation of Offender's Act 1974 for consideration of disclosure is available at **Appendix D**. However this list is not exhaustive and other occupations should be considered where appropriate.

Only a small number of occupations are deemed mandatory for notification. These are highlighted as default disclosure in **Appendix D**.

The relevancy of a pressing social need where it relates to military personnel is extremely difficult to carry out in practice, however, the nature of such positions, requires individuals to have access to firearms on a regular basis and carry a significant level of personal responsibility. With such responsibility comes an expectation that commanding officers will be made aware of arrests and so in accordance with the Information Commissioner's (ICO) guidance, there is still a requirement to 'blanket disclose' where it relates to Armed Forces personnel.

5.1 **Recording of Occupation**

Responsibility for Recording of Occupation and employer details in Niche will lie with Detention Officer or Custody Sergeant for Custody Cases and Officer in the Case (OIC) for VA cases. Where practicable contact numbers and details of line managers should be obtained.

5.2 **Consideration of Notification**

This is the responsibility of the OIC having regard to all the circumstances in the case whether disclosure should be considered based on an identifiable risk to the public or social pressing need and the relevancy of the alleged offence balanced against necessity and proportionality by disclosing.

Where notification has been considered in line with the above and disclosure is not required an entry must be made in the remarks field on the Employment/occupation tab stating the reason not required. As above this decision needs to be continually reviewed in light of any changes in circumstances.

For in custody cases the remarks field is to be completed by the Custody Sergeant. For VA cases the OIC's line manager (if not already a Sergeant or above) will be responsible. In all cases the national decision making model will be used.

5.3 **Notification Procedure**

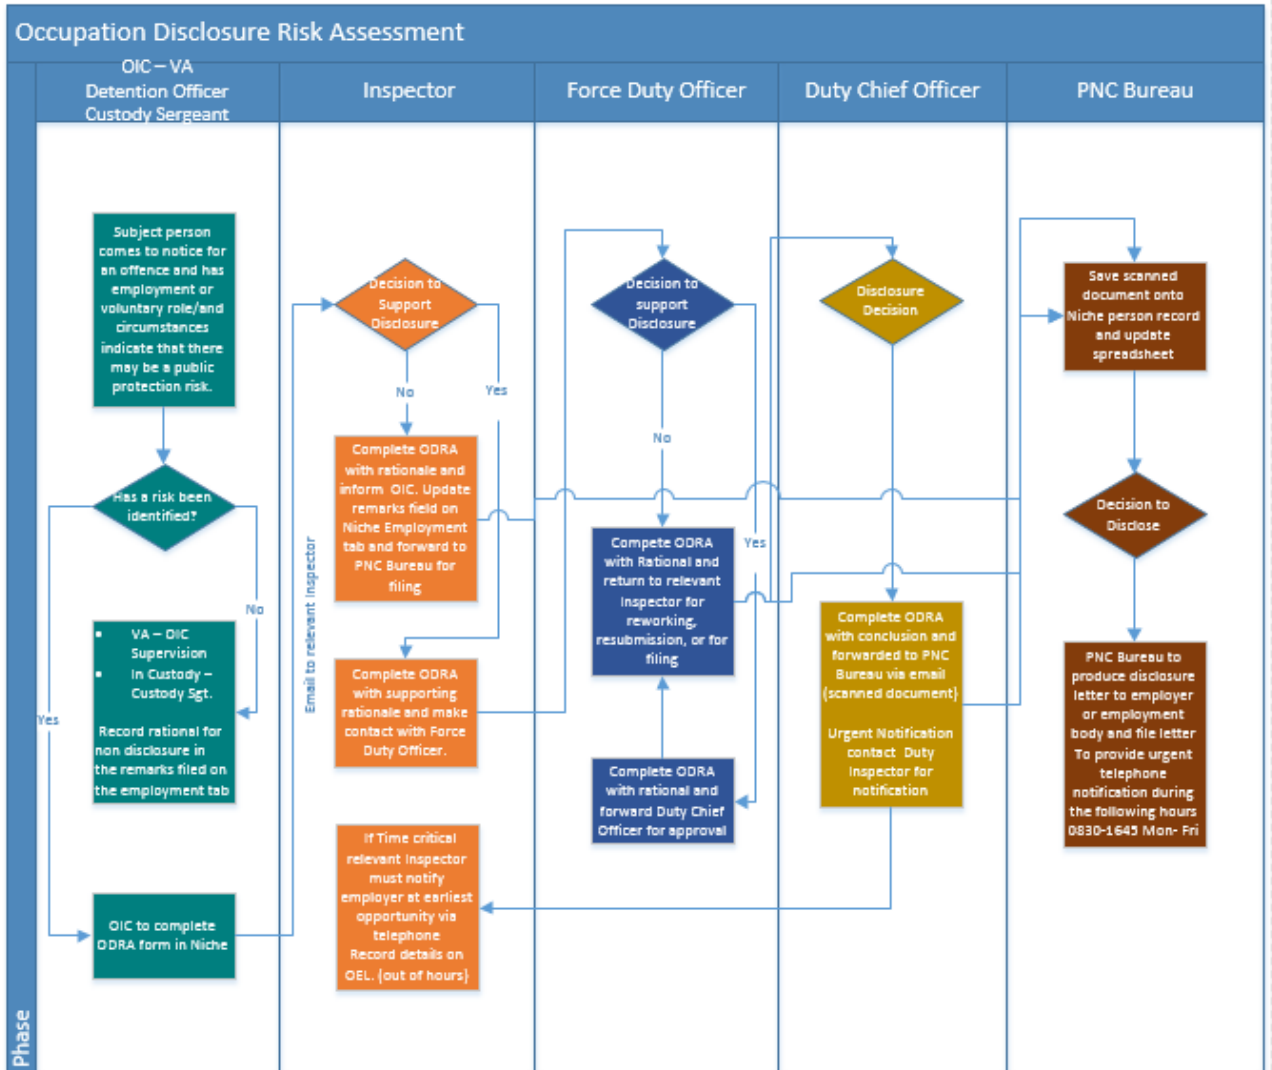

- a) Where notification is deemed necessary, under the direction of the Custody Sergeant, the OIC must complete the ODRA (Occupation Disclosure Risk Assessment) with reference to attestation points of consideration in line NPCC guidance, bring it to the attention of the relevant Inspector and forward the document via email.
- b) The ODRA (Occupation Disclosure Risk Assessment) provides a record of the request for disclosure and will be used for auditing purposes.
- c) The relevant Inspector will complete the ODRA and either support the disclosure or return it to the Custody Sergeant or Officer in the Case (OIC) for amendment or refusal.

-
- d) If disclosure is approved the relevant Inspector will notify the Force Duty Officer. Initial contact will be by telephone followed by an email containing the ODRA.
 - e) If approved the Force Duty Officer will forward the ODRA to the Duty Chief Officer for approval.
 - f) The PNC & Data Access Supervision will be responsible for notifying the employer by telephone, between 0830 – 1645hrs Monday – Friday. Outside of these hours where disclosure may be time critical the relevant Inspector will be responsible for notifying the employer justifying the rationale on the ODRA. Details of the call must be recorded on the OEL on the Person Record.
 - g) In all cases, either approved or not supported, all documents will be forwarded to the PNC & Data Access Unit via email CLPD.PNCBureau@merseyside.pnn.police.uk who will scan the ODRA into Niche on the Person Record. Where approved the PNC Bureau will notify the employer by letter **Appendix C**. The PNC & Data Access Unit will also collate statistics with regard to all disclosures.

The full process is documented as a flow chart in **Appendix A**

Dear

Merseyside Police – Common Law Police Disclosure Procedure.

Notification of Arrest/Charge/Voluntary Attendance – pre-conviction.

Name:

DOB:

Address:

Occupation/Role:

I am writing regarding the above named who we understand is either employed by you, performs a voluntary role with your organisation, or is employed/volunteers in activity for which you are a Regulatory Body or have oversight responsibilities.

The information disclosed to you below is provided under the Common Law in order to address a “pressing social need” and it may indicate that the subject of the disclosure presents a potential risk to others due to the role that they currently perform. It is a matter for you to determine what action, if any, is necessary in order to mitigate any risks that are evident to you as a result of this disclosure. In making this disclosure Merseyside Police has considered both the relevancy and proportionality of so doing.

The information we are providing is

Date:

Time:

Location:

Information:

Add Text Here -

This information is considered to be sensitive personal data as defined by Section 2, Part 1 of the Data Protection Act 1998, and as such, you must treat it in **strict confidence** and in accordance with the provisions of that Act.

The information is provided for the specific purpose of informing you of a potential risk and your subsequent assessment of that risk. This letter should not be further disseminated without the permission of Merseyside Police or a Court Order. In particular, it should not be copied, its contents should not be discussed or shown to other people unless they are directly involved in the risk assessment resulting from the disclosure. The letter should be kept in a safe place, only retained as long as necessary for the intended purpose and should be safely destroyed when no longer required or no longer warranted under the terms of the Act.

If the subject of the disclosure is performing a role that is considered to be Regulated Activity as defined by the Safeguarding Vulnerable Groups Act 2006 (as amended) there may be a statutory requirement for you to refer the matter to the Disclosure and Barring Service. If no statutory requirement exists then you may consider it appropriate to nonetheless make a discretionary referral.

Should you require any further information you will need to evidence a statutory provision that will enable it to be provided, and forward your request to the PNC & Data Access, Disclosure Unit, P.O. Box 59, Liverpool L69 1JD or email to dataprotection@merseyside.police.uk. Merseyside Police reserves the right to charge a fee to cover the costs of any subsequent provision of information. Guidance for employers and regulatory bodies can be found at the following government website.

<https://www.gov.uk/government/publications/common-law-police-disclosure>

Yours sincerely

Signed

Appendix D

Occupations as provided in Home Office circular 06/2006

There are 2 tables below. The first table is an alphabetical list by occupation of Notifiable Occupations with an abbreviation for the professional or regulatory body or employer to which notification will be made in the Organisation Column. The second table identifies the name of the relevant organisation from the abbreviation in table 1.

Table 1

Occupation	Default disclosure	Organisation**
Air Traffic Controllers		CAA
